## RED CROSS BLOOD PROGRAM

Were you aware that if you or certain members of your family were in the need of blood, the College might be able to assist you?

If 20% of Gallaudet's faculty and staff give a yearly donation of blood, all faculty and staff would be eligible to receive blood from the Washington Regional Red Cross Blood Program.

Needed blood would be made available in any amount without charge. The recipient would pay only for the hospital charge for matching blood types and other tests, infusion, and the hospital participation fee, but not for the blood itself.

You are urged to complete the questionnaire which was distributed to faculty and staff. As soon as enough donors are pledged, the College will be able to participate in this valuable program.

Please contact the President's Office if you did not receive the explanatory memo and questionnaire form.
